RYE NICHOLAS P. LAO GUICO

IT Coordinator | Technical Project Coordination | Full-Stack Development

Cebu City, Philippines | +63 927 430 3115 | laoguicorye@gmail.com | linkedin.com/in/rye-nicholas-lao-guico-78a0b11b9 | github.com/Qro0w | portfolio-brown-eight-10.vercel.app

SUMMARY

BS Information Technology student (graduating April 2027) working as an IT Coordinator intern at Sancy Solutions, coordinating development projects and translating client needs into technical tasks. Former CEO of SwuDevs, a university technology organization, having led 7 technical workshops and events reaching 100+ participants. Builds full-stack systems with React, Supabase, PostgreSQL, Firebase, and MySQL, using Claude for AI-assisted development, AI features, and documentation. Seeking IT coordination, technical project coordination, and developer roles.

EXPERIENCE

IT Coordinator (OJT) November 2026 – Present

Sancy Solutions

- Coordinate software development projects, tracking tasks, timelines, and deliverables across the development team.
- Act as liaison between clients, stakeholders, and developers, translating business requirements into clear technical tasks.

Chief Executive Officer June 2025 – April 2026

SwuDevs – Southwestern University PHINMA Student Technology Organization Cebu City

- Led the officer team, setting strategic direction and priorities, delegating responsibilities, and aligning technical and non-technical members.
- Directed **TechTracks: Design, Code, Lead**, the organization's largest flagship event, with speakers in software development, project management, UI/UX, and Notion Cebu.
- Built industry partnerships and co-hosted workshops with n8n (AI automation with Supabase and PostgreSQL) and AI GEN; headed **Build Smart: Creating AI-Enabled Apps with Firebase** with an international speaker.

Events Lead 2024 – 2025

SwuDevs – Southwestern University PHINMA Cebu City

- Planned and ran technical workshops end to end: schedules, logistics, speakers, publicity, and team assignments.
- Organized and personally taught **Python Basics and Syntax**; led planning and speaking for **Getting Started with Git**.

PROJECTS

ARTMS – AI-Enhanced Talent Recruitment and Employee Record Management | Assistant Project Manager Capstone, In Progress

- AI-enhanced recruitment and HR records system for client Accel4U Business Solutions Inc.: applicant screening, interview scheduling, and digital 201 files.
- Supported the 20-week project plan, system flowcharts, risk and mitigation planning, and stakeholder pitch; coordinating client-run User Acceptance Testing (UAT).

Kalikha | Marketplace Platform | React, Firebase github.com/Qro0w/Kalikha

- Marketplace connecting buyers with sellers of Filipino arts and crafts; led product direction and development.

CRBS – Centralized Room Booking System | Lead Developer | Web Application github.com/Qro0w/CRBS

- Venue reservation system with an admin panel for Southwestern University organizations to book rooms and venues digitally.

Other projects: ND-CW, a React booking app for a Cebu carwash business; Biyahe Cebu, a jeepney route guidance concept; Balinsasayaw, a restaurant and resort business website (all on github.com/Qro0w).
